

Living Like Sons And Daughters Of The Everlasting God

Text: Romans 8:12-26

I. Introduction

- Have you ever done anything really, really foolish?
- What does it mean to be children of God?
- If you're led by the Spirit, you're a child of God
- That's good news!
- How do you live like a child of God?

II. We Can Walk With Great Confidence

- Some of our mistakes and sins loom large in front of us
- You haven't committed any sin that hasn't already been forgiven in someone else's life
- We all like to be around people who encourage us and compliment us
- We need words of assurance
- We need to know we are needed
- The people you like best in your life, those who are around you, those who encourage you are those you like to be around

III. We Have A Great Inheritance

- We need wills that can save our families needless grief and create peace even though they can be complicated
- Your family should get the majority of your inheritance
- We should leave God's Kingdom in our wills
- After you die, you will stand in front of Jesus
- You don't want Jesus to say you cut Him off without a single penny, especially if you've not been faithful in tithing
- We need to give because we cannot afford not to tithe
- Those who possess the Holy Spirit receives God's inheritance, those who don't get nothing from God
- The only thing we've ever done right in our lives is to accept Christ as our Savior
- We will receive His inheritance
- **1 Timothy 5:8**

- Our inheritance from God is undefiled, everlasting, and worth far more than silver and gold
- Our inheritance is paid for through the blood of Christ

IV. We Have A Great Opportunity

- What have we lost for the cause of Christ, for His sake?
- Our suffering may not necessarily be physical as the martyrs have gone through
- We are unworthy, we have not died for Christ
- We can walk in His footsteps in service
- We are here to serve, not to condemn or criticize

V. Conclusion

- Within the worthless clay of our lives is a person through Christ who can be perfectly fulfilled through Him
- You are sons and daughters of God
- We need to share the word of God so others may join His family
